A Note From Eva:

This is a wonderful idea during this time when we're all separated from each other. It's hard for everyone, but it is especially difficult for the deafblind community where it's all about closeness to one another. This crisis is a time to reflect on the beauty and worth of each human being. The poster project helps highlight that beauty and worth.

I truly believe that when we get through this, we will all be kinder, wiser and stronger, and hopefully the larger community will have a better understanding of our deafblind community and the many gifts and talents of its members. **Stay safe, stay well, and stay strong!**

Barbara (with her husband and two young grandchildren under a tree) signing ILY: Good health, good times, good wishes and love to all!

Sharon signing ILY: Sending a big, warm hello and hug to deafblind community members and friends! I miss you and hope you are staying safe and healthy. Let's also stay hopeful that we will be together again soon. Be well.

Kristen (right hand ILY over heart, left hand extended to the camera): To the deafblind community: Sending all of my love and I want you all to know you're in my heart! I hope you're all staying happy, healthy, and safe during these unprecedented times! I love you all! We're strong, we'll get through this together and come out better and stronger than before!!

Laura (holding a hand-made red heart and a vase wrapped with white lights): Sending light and love!

Frank, a white cat with black on top of his head and ears, front paw on a hand-made ceramic ILY hand: I miss the tactile love of my deafblind friends!

Kathy signing ILY: Miss and love you all!

Hi, everyone! This is Joe with my Music List Part 2. Together we will overcome our challenges! Based on my DB CAN NJ consumer opinion, we are a TEAM to defeat any and all future DB challenges we may face. This song *Ain't No Stoppin' Us Now!* by McFadden & Whitehead inspires me. I think the "Us" in the title means **We, Together**, can do so much. Give a listen (also captioned) at <https://www.youtube.com/watch?v=IRNEzzN-gTo>

Staying connected one "sign" at a time! 

We're a grassroots effort that aims to be truly responsive to the needs of the deafblind community. Everyone who cares about and believes in our **AWESOME** community is welcome to join our training, networking, social and recreational events.
